

YOU+ME*

philanthropic favors FOR THE RED CROSS

you will need:

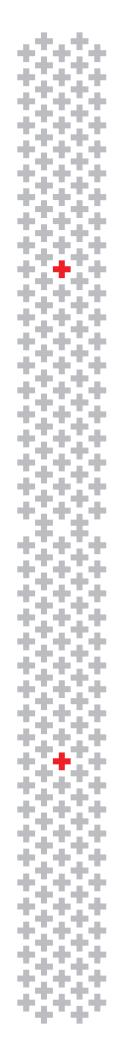

Cardstock (each page will make 2 cards)
An x-acto knife
A metal ruler to guide your cutting/scoring
A surface to cut on
A printer

directions:

- 1. Print page 2 of this pdf on cardstock, then print page 3 on its reverse side. You may want to do a few trial runs to make sure you've got everything lined up well.
- 2. Cut out along the grey lines, then crease along the grey line along the middle of the card (look carefully); you may want to use an x-acto knife to score before folding.
- 3. Place on your guests' plates or on a table with a pretty arrangement. Donate money you would have spent on favors to the Red Cross.
